NEW LIGHTING PLANT

APPLICATION FOR A CHARTER HAS ALREADY BEEN MADE.

RESULT OF MUCH LITIGATION.

Harry Friedberg Talks Bitterly-Mrs. Lydia Albert Regains Her Child -County Jail Made More Safe.

The litigation now pending in which the Consolidated Electric Light and Power Company, of Kansas City, Kas., is sought to be placed in the hands of the United States court and a receiver appointed, has brought to a head the effort being made by a number of prominent business men to establish a new electric light plant in this city.

Yesterday in the office of the secretary of state application was made for a charter by several of the most prominent men of the city.

Mr. W. S. Beard, one of the promoters o the new enterprise, was seen in regard to the matter, and while not wishing to talk about the affair, admitted that the charter had been applied for and that a plant would be built and in operation in a short time. It is said that the city will be given a chance to obtain control of the new plant, or, if that was not satisfactory, it would be operated as a private concern The city is now paying \$26,500 a year for

lighting the streets, about 80 per cent of which is paid for electric lights. With all this expenditure the streets are poorly lighted. The new company, according to Mr.

Beard, would effect a saving of 50 per cent of the sum now expended, and give much better satisfaction to the taxpayers of the city. The men connected with Mr. Beard are all reliable business men and the new company will start with ample financial backing to make a success of the enter-

prise.

Mr. Harry Friedberg, general manager of the United Electric Light Company, was interviewed by the reporter of the Journal regarding the new company. The United Electric Light Company of the consolidated company in

consolidated company's contract with the city," said Mr. Friedberg, "is as valid as any can be. There has been a set off men in this city who, under the guise of patriotic citizens, have been continually trying to stab our company and break contract. I have no doubt that this company is another scheme of this sort."

TWO MORE CONTESTS.

E. W. Towner and Charles Prochate Object to Engle and Johnson.

Two more nomination contests were filed with the county clerk yesterday. E. W. Towner, candidate on the "Citizens" ticket for clerk of the district court, filed an objection to the nomination of Robert Eagle on the same ticket. Eagle was nomi-nated at the so-called Trickett convention for the office of clerk, and his nomination papers were filed by the chairman and ecretary of this convention. On October 12 he filed a petition nominating him for the same office on a "Citizen" ticket. Mr. Towner had previously filed nomination and therefore claims that Mr. Eagle's nination on the Citizen's ticket is in valld. Towner's papers were filed on Oclaber 6. In the event that Towner's ob jections are sustained and Eagle fails to get on the official ballot as a Republicar candidate, he will likely find himself out

The other contest filed was that Charles Proebstel against Solomon Johnson for road overseer in district No. 4, of Shawnee township. Proebstel claims that Johnson's petition was signed by a number of people who do not live in the Fourth district, and by virtue of which his nomi-

nation is void. All contests will be heard by the election board Monday.

REPUBLICAN GALA DAY.

Three Great Speakers to Make Sound Money Addresses To-day.

To-day will be a Republican gala day in this city, and the people will be given an opportunity to listen to Republican doctrine expounded by three able speakers. These men are Hon. Rudolph Blankenburg, of Pennsylvania; Hon. J. R. Burton, of Kansas, and Hon. J. V. Farwell, of Chicago. The former speaker appeared before a Topeka audience yesterday and it was the unanimous opinion of all who heard him that he was the most interesting orator who has visited Kansas during the present campaign. He will talk at the wigwam this afternoon and at Argentine in the evening.

Hon, J. V. Farwell, who has created great enthusiasm everywhere he has appeared as a campaign speaker, will also speak at the wigwam this afternoon. The time will be divided between him and Mr. Blankenburg. In the evening he will speak

in Armourdale.

At the wigwam in the evening Hon. J. R. Burton will address a monster meeting. Burton is a great talker, and is a decided favorite with the people of this city. He has been receiving ovations during his tour of the state, and his appearance in this, the Sunflower, metropolis, will be no exception. He generally sets the enemy's hair on end, and a red-hot, stem-winding speech is expected from him to-night.

COUNTY JAIL MADE SAFE.

All the Windows on the Lower Floor Will Be Walled Up.

The board of county commissioners awarded John Dahlgreen the contract to wall up all of the windows on the lower floor of the county jail. A number of jail deliveries have taken place since the net jail was built and in every instance the prisoners made their escape by sawing the iron bars which cross the windows of the lower floor. About a month ago a couple of men secured their liberty in this manner and last Sunday Jailer Harshberger caught two prisoners in the act of sawing through one of these windows.

SPOKE TO COLORED MEN.

Rev. W. L. Grant, of Topeka, and John L. Waller Made Strong Speeches.

Rev. W. L. Grant, of Topeka, and John L. Waller delivered addresses to a large assembly of colored people at the Repub-lican wigwam last night. The speakers were tendered a royal reception and much enthusiasm was manifested during the en-tire meeting. They spoke on the money and tariff questions and urged all colored voters to stay by the next which her bevoters to stay by the party which has be friended their race.

He is greatly pleased at the outlook and is abundantly satisfied with the line of investment which he has undertaken. Mr. Husted will continue to make his home at Kansas City, but his duties in connection with the financial operations of his companies will oblige him to spend a good deal of his time in Eastern cities as well as at Cripple Creek. Mr. Charles C. Adams who made the trip West with Mr. Husted is enthusiastic over the prospect for the enterprises in which he is interested.

Woman's Writes

Believe in Woman's Writes? Of course we do. Who could help it when women write such convincing words as these: "For seven years I suffered with scrofula. I had a good physician. Every means of cure was tried in vain. At last I was told to try Ayer's Sarsaparilla, which entirely cured me after using seven bottles." -MRS. JOHN A. GENTLE, Fort Fairfield, Me., Jan. 26, 1896.

WOMAN TO WOMAN.

Women are being taught by bitter experience that many physicians cannot successfully handle their peculiar ailments known as female diseases. Doctors are willing and anxious to help them, but they are the wrong sex

to work understandingly. When the woman of to-day experiences such symptoms as backache, nervousness, lassi-

sensation, palpitation, "all gone" feeling and blues, she at once takes Lydia E. Pinkham's Vegetable Compound, feeling sure of obtaining immediate relief.

Should her symptoms be new to her. she writes to a woman, Mrs. Pinkham, Lynn, Mass., who promptly explains her case, and tells her free how to get well. Indeed, so many women are now

appealing to Mrs. Pinkham for advice, that a score of lady secretaries are kept constantly at work answering the great volume of correspondence which comes in every day. Each letter is answered carefully and accurately, as Mrs. Pinkham fully realizes that a life may depend upon her reply, and into many and many a home has she shed the rays of happiness.

AN EXCITING RUNAWAY.

A Team Becomes Unmanageable and Throws Three Boys From the Wagon.

Several hundred people, who happene vesterday to be in the vicinity of Missouri avenue and Main street just before i clock, were treated to a most exciting runaway, which for a time bid fair to result seriously if not fatally to a young man named Harry Silverwood, of 15 West Ninth street, and Oliver Loy, a boy aged about 10 years, son of one of the owners of the team.

The team belonged to the delivery bustness of the Ross Exchange Company, a 613 Main street, and just before it started to run was standing in front of the store with Will Leonhart, the delivery boy, on the seat, reins in hand. Silverwood and young Loy were in the rear of the wagon, waiting to ride with Leonhart when he started the team. Of a sudden the horses began to plunge and started north on Main street at a furious rate. Leonhart was thrown to the ground, two wheels of the lelivery wagon passing over his body, but he was not seriously injured, and only sus tained a few scratches about the head and face. Before Silverwood and Loy could alight from the wagon the horses were running away at terrific speed, separating a crowd in the street, which parted to make room for them, and stopping stree

cars and other vehicles. Both the boys in the wagon realized their danger and made an attempt to get out. Silverwood was the first to gain the rear end of the wagon, and catching hold of the endgate with his arms, threw his body from the wagon. His feet hit the ground and were thrown high in the air. When just in front of the old Bell clothing store, just north of Missouri avenue, Silverwo great violence to the ground, his face sustaining several scratches and his body be ing bruised. He was taken to the Hub clothing store, at Fifth and Main streets, where he was attended by a physician.

As soon as Loy saw that Silverwood was
gone out of the wagon, he jumped to the
endgate, and, notwithstanding the team was still running at a high rate of speed let himself immediately to the ground, falling directly across the cable car tracks on Fifth street. His face, hands and clothing were torn in a frightful manner, but he was not seriously injured. He joined Silverwood and they went back to the store, where Leonhart awaited them. The team was stopped at Third and Wy andotte streets, nearly, exhausted.

Campaign Circular. Topeka, Kas., Oct. 16 .- (Special.) Providence, as well as the people, seems to be against the Kansas Popocrats this campaign. To-day a little theological political circular made its appearance on the street as a take-off on Bryan and his free silver heresy. The circular in a brief manner told the story of Judas and the thirty pieces of silver, and wound up by stating that when Judas discovered what great distress he had brought upon his people through his doctrine, he had the manhood to go and commit suicide.

One of these circulars fell into the hands of Secretary Tipton, of the Populist branch of the sell-out committee, and he straightway went to Bob Semple, assistant bank commissioner, and said that they must "dig up" some quotations from the Bible to offset it. "Well," said Semple, "I know a little about politics, but am no authority on re-

"Can't to save my soul."

"We will have to go outside of our party then, and get one," said Tipton. "What's wrong with asking Rev. Martin, of Ottawa, to get up a reply? He is our kind of peo-

So a letter was sent to Mr. Martin, asking him to prepare a theological political circular that would offset the one issued

HOW ABOUT THIS, MR. LEEDY? Why Did You Charge Nearly Double for Traveling to Topeka as

State Senator! Topeka, Kas., Oct. 16.-(Special.) One of the things the Popocratic reformers claim as a reason why their candidates should be elected at the coming election in this state is that they would never take a cent of the people's money unless they were legally entitled to it. Just how they will explain why John W. Leedy, their candidate for governor, collected from the state more for mileage than he was legally entitled to is what is now bothering them. There is on file in the state auditor's office the sworn voucher of Mr. Leedy showing that he collected \$53,70 as mileage for going to and from his home at Leroy to the legislature, while senator, while in fact he was only entitled to \$29.10. While Mr. Leedy charged \$53,70 as mileage, Mr. T. C. Ballinger, the representative from that same county, charged only \$27.90. The distance from Mr. Leedy's home to Topeka is ninety-eight miles, while he

charged for 176 each way. The Republican state committee to-day ran across these vouchers, and Mr. Leedy will no doubt be called upon by the taxpayers of Kansas to explain this discrep-
